

Jennie Lee Hernandez

September 23, 1959 - October 1, 2022

On Saturday, October 1st, 2022, we said goodbye to our sweet mother, Jennie Lee Hernandez, at the age of 63. She passed from a neurodegenerative disease, which, like in so many other areas of her life, she bravely fought until the very end.

Jennie was born on September 23, 1959, in Provo, Utah. She graduated from Reedley High School (California) in June of 1977. She received her bachelor's degree in Business from Argosy University on May 16th, 2008, with all seven of her children, and even one grandchild, in attendance.

Speaking of her children and grandchildren, there were few conversations when Jennie wouldn't proudly talk about her kids. Those who will miss her the most are her children Paul, Juliana, Linda, Aleena, Emily, Christina, and Andy, along with her 15 grandchildren.

If you knew our mom, you would know how amazingly talented and kind she was. She loved cooking, playing board games (especially Scrabble and Masterpiece), playing the piano and saxophone, traveling, and spending time with those she loved. She was a published author and a bilingual motivational speaker, accomplished in business and respected in her career. But her finest accomplishment was that she was an amazing mom, endlessly generous and self-sacrificing for her seven children.

Our mom was in a class by herself. It isn't often that someone comes along that is beautifully caring on the inside and dazzling on the outside. Jennie was both.

We will say goodbye to our mom in a private ceremony at the ocean, where she loved to be.
