Ronda Reney Cary Crumb

March 11, 1959 – August 20, 2025

Ronda Crumb of Carrollton, Texas, passed away on August 20, 2025, at the age of 66.

Ronda was a force of nature: fierce, vibrant, and unforgettable. When she walked into a room, you knew it. She loved with her whole heart and lived with a fire that drew people in. Known for her boundless energy and passion for life, she had a gift for making every gathering larger than life. Whether organizing reunions, planning family celebrations months in advance, or making Halloween magical, she poured herself into every detail to make others feel joy.

Ronda loved music, concerts, and German festivals, and she cherished riding motorcycles alongside her husband. Her greatest pride was her family, especially her grandchildren, who were the light of her world. She had a way of truly seeing people: asking the deeper questions, listening fully, and caring fiercely. She was always the caretaker, ensuring others were loved and looked after before herself. One of her happy places was visiting her grand-animals on the mountain, where she found peace in nature.

She is survived by her devoted husband of 45 years, Charles Crumb of Carrollton; daughter and son-in-law Jessi and Cameron Gantz of Mountain View, Arkansas; son and daughter-in-law Jake and Mallory Crumb of Carrollton, with beloved granddaughters Charley and Caitlyn; stepdaughter and son-in-law Melane and Gregory Woodbury of Howe, with beloved granddaughters Brooke and Molli; and sister and brother-in-law Deborah and Terry Williams of Austin. She is also survived by countless family and friends who adored her.

Ronda was a spitfire, a caretaker, and a joy-bringer. Her fierce love, big presence, and unshakable spirit will never be forgotten. Celebration of Life details will be shared once they are finalized.

“Some people come into your life and feel like they were always meant to be there. That’s how it was with Ronda. We have known her since she was dating Charlie—a handsome young man with two beautiful little girls. She was gorgeous, with a wide-open heart, and she was perfect for him. They too expanded their beautiful family with 2 more kiddos Jake and Jessi a handsome little boy and a beautiful little girl. What a joyous life Ronda and Charlie gave their kiddos.

What stands out most about Ronda was her deep and unwavering sense of what was right. She had an incredible BS detector and could spot dishonesty from a mile away, and she never hesitated to call it out. This fierce honesty was not a flaw; it was a testament to her character. She was a friend to the end, and there was simply nothing about her not to love.

Her greatest loves were her beloved Charlie, her children, and her grandchildren, as well as her mountain in Arkansas, which she so beautifully shared through her posts and pictures. Our time with her was always special, like at the Woodrow Class reunions, where we loved to sit with her and Charlie. She made every evening a night to remember, and we will hold those memories close forever. In each other, Charlie and Ronda found the love of their lives. The love she gave was a gift, freely given with no expectation of anything in return. That was just Ronda's way. Charlie truly hit the jackpot when he married her, and she, in turn, found the love of her life. She was so easy to talk to, a safe harbor where you could share your innermost thoughts. I confided so much in her, knowing my secrets were safe because she was Ronda, and she was truly a friend. Though she is gone, her loving presence will endure forever in our hearts.”

“ I worked with Ronda at a company called the Gammon Group. From the very first day I started work there, we bonded. We were constantly getting into good trouble. We had so much fun working together. She had an incredible sense of humor and she would make me laugh everyday we worked together. She never took life too seriously. Even after leaving Gammon Group we remained friends until this very day. The world is going to be a little less brighter without her in it. May you forever rest in peace.

“ I worked with Rhonda for years. She was always a prankster and would get me good every time. She made things fun with Italian nights, my goodbye party where we drank shots called duck farts, and our live of Shug Avery singing Sista on the color purple. She was always fun and lived Halloween as much as I did. We just chatted for my birthday. It is sad knowing she is not in this world anymore. I loved her to pieces.

I've known Ronda since elementary school. What a lady. I don't know if I ever saw her without a smile on her face. She was such a sweet woman. I'm so sorry she's no longer with us.
